I. The undermentioned papers were read and recorded:—

- (1) The Proceedings of the last meeting held at Chintamani on the 17th July 1893.
- (2) Government Proceedings No. 1152-93—L. F. 3-93, dated 31st July 1893, observing that no fees need be collected from the persons who avail themselves of Musafarkhanas nor any Bungalow books supplied to them.
- (3) Government Proceedings No. 2003-13—L. F. 346-92, dated 3rd August 1893, directing that for all distances exceeding 5 miles from their ordinary residences, travelling allowances be granted to official as well as non-official members attending the meetings of the Local Fund Boards.
- (4) Government Proceedings No. 2645-7—L. F. 434-92, dated 10th August 1893, sanctioning the establishment of a female dispensary at Kolar.
- (5) Government Proceedings No. 4629-40—L. F. 55-93, dated 7th September 1893, passing orders as regards the pay of the midwives in the State and the general control to be exercised over them.
- (6) Government Proceedings No. 4803-5—L. F. 337-92, dated 16th September 1893, sanctioning the grant of 2 scholarships of Rs. 10 each per month tenable for one year to enable two women to undergo training in Madras as midwives for employment in the District.
- (7) Government Proceedings No. 5337-9—L. F. 114-92, dated 22nd September 1893, sanctioning the entertainment of a permanent establishment to look after the sanitation of the Urigam village and sundry cooli lines situated outside the mining estates.
- (8) Statement of works sanctioned by the Chief Engineer and the Executive Engineer, Kolar Division, under District Funds from July to the end of September 1893.
- (9) Statement of receipts and expenditure of the Local Fund Circle for the year 1892-93.

II. Read the Executive Engineer's docket No. 260, dated 2nd August 1893, with its enclosures, viz:—

- (1) A re-appropriation statement amounting to Rs. 10,000, and
- (2) A statement of incomplete works requiring appropriations from the District Funds to the extent of Rs. 9,814 for the current official year.

Resolved that the statements be approved and the sanction of Government obtained to the same.

III. Read the statement of incomplete works of the Revenue Department requiring appropriations to the amount of Rs. 9,121—3—10 from the District Funds for the year 1893-94.

The Board approve of the statement and resolve that Government be requested to sanction the same.

IV. Read the statement of works proposed by the Amildars and other members of the Board to be undertaken during the year 1893-94 out of the grant of Rs. 15,000 made from the Local Funds General in Government Proceedings No. 5160-68—L. F. 88-93, dated 19th September 1893.

Resolved that the statement amounting to Rs. 14,810 be approved and submitted to Government for sanction.

V. Read Government Proceedings No. 4446-8—L. F. 141-92, dated 9th September 1893, observing that it is the desire of Government that there should be one midwife at least for each Taluk and also this office letter No. 1185-295, dated 25th September 1893, to the address of the Chief Secretary, requesting sanction for the entertainment of 3 more midwives so as to have one for each Taluk and one for the Srinivaspur Sub-Taluk, the services of the Municipal midwife at Kolar being authorized to be utilized also in the outlying villages of the Taluk debiting her pay to the Municipal and District Funds in equal proportions.

It has since been brought to notice that the Municipal midwife at Kolar has a large number of labor cases to attend to in the town and that her services cannot be spared for the cases arising in the interior of the Taluk.

Resolved therefore that the Government be requested to sanction the entertainment of 4 additional midwives on Rs. 15 each per mensem to be employed as shown below, the work of the present midwife at Kolar continuing to be at the sole disposal of the Municipality by which she is paid; 1 for the Kolar Taluk (exclusive of the town) to be paid entirely from the District Funds, the Municipality which pays its midwife at Rs. 15 per mensem being unable to bear any extra charge on account of the Taluk midwife.

One for Srinivaspur Sub-Taluk to be also paid entirely from the District Funds as in the case of the Dispensary charges, the Municipality being too poor to bear its quota of the cost.

Two to make up the complement required for the remaining 8 Taluks, the number already sanctioned by Government being six.

VI. Read the Deputy Commissioner's letter No. 989—244, dated 12th September 1893, to the address of the Chief Secretary, proposing the construction at an estimated cost of Rs. 2,326 of a Chattram at the Kolar Gold Fields for the accommodation of the people attending the Civil and Criminal Courts at the place and requesting sanction to accept the liberal contribution of Rs. 2,000 promised by Mr. Haji Ismail Sait of Bangalore towards the building and to defray the balance of the estimate from the District Funds, the Chattram being maintained from the same funds.

Since sanctioned in Government Proceedings No. 6854-6—L. F. 110-93, dated 12th October 1893. Resolved that the Deputy Commissioner's proposals be approved.

VII. Read Government Proceedings No. 2024-32—L. F. 13-93, dated 3rd August 1893, communicating to the Presidents of the Local Fund Boards for their remarks and suggestions the letter of the Senior Surgeon, suggesting that paupers and sick strangers should not be encouraged to occupy the Hospital wards attached to Local Fund Dispensaries and also Deputy Commissioner's letter No. 1218—303, dated 30th September 1892, to the address of the Chief Secretary submitting certain proposals on the subject.

Resolved that the President's proposals contained in the letter read above be approved.

VIII. The house belonging to Narayana Rao, Deputy Shroff of the Kolar District Treasury, has been selected for locating the Dispensary sanctioned for women and children at the Kolar town in Government Proceedings No. 2645-7—L. F. 434-92, dated 10th August 1893.

The position of this building is most central and convenient for the purpose and the owner is willing to lease the house on a monthly rental of Rs. 9 or to sell it for Rs. 1,600 or for such value as may be fixed by the Public Works Department.

As it is desirable to secure the building permanently in preference to relying upon a temporary lease, resolved that the Government be moved to sanction its purchase, the cost being met from the Provincial and District Funds in equal proportions as the Municipality is too poor to bear its quota of the charge, and that the Executive Engineer be requested to send up a valuation list with a plan of the building for submission to Government.

IX. The question of entertaining an Overseer for the supervision of the District and Local Fund works executed by the Revenue Department discussed at the last meeting was again brought up and the necessity for the employment of Taluk Mestris for the same purpose was also urged on the attention of the Board. The works to be executed by the Revenue Department from the District Funds and

Local Funds General have, of late, greatly increased and the necessity for the employment of a separate agency to help the Amildars and the District Officer in carrying out the same has become indispensable. The want of sufficient professional aid to the Revenue officers whose multifarious duties do not admit of their paying an undivided attention to all the details of the Public Works has led to the heavy lapses of the Budget grants. It is found that the Tank Inspectors attached to the Taluks have, at present, no sufficient scope for employment on the minor irrigation works, owing to the enforcement of the tank maintenance scheme being more or less dependent on willingness or otherwise of the many raiyats who are generally backward in the execution of the necessary earth work to the tanks. It has been suggested that the services of these Inspectors may with advantage be also utilized for estimating for and carrying out the District and Local Funds works under the immediate orders of the Taluk Amildars and Deputy Amildars and that they may each be given a horse allowance of Rs. 10 per mensem with a peon on Rs. 6 for the increased work devolving upon them, the charge on account of such allowances together with the pay of the peons being met from the District Funds and the pay of the Inspectors from the Provincial Funds at present. It is also proposed that all Local Fund works be placed in charge of an Overseer on Rs. 50 per mensem with a travelling allowance of Re. 1 per diem for the days on which he is absent from the Head-quarters on duty, the cost on this account as well as the pay of the peon to be allowed to the Overseer being likewise met from the District Funds.

Resolved that the above proposals be approved and that before they are submitted to Government for sanction the Chief Engineer be requested to favor the Board with his views and suggestions in the matter.

X. Read Government Proceedings No. 6668-9—L. F. 311-92, dated 7th October 1893, approving of the appointment of Javali Subba Sastri of Chikballapur as a member of the Local Fund Board and enquiring whether the Deputy Commissioner would recommend the appointment of another member in place of Lakshman Rao of Sidlaghatta whose retention up to the end of last official year was sanctioned by Government.

Resolved that Government be requested to sanction the retention of Lakshman Rao for a further period of five years as he is an experienced non-official member of the Board.

XI. The Executive Engineer proposes the following works:—

- (1) Special repairs to the Chikballapur portion of the Mulbagal-Goribidnur road.
- (2) Approaches to Goribidnur and Doddakuragodu Railway Stations on the Bangalore-Hindupur Railway.

Resolved that the first mentioned work be postponed for want of funds* and that the last mentioned work is a proper charge on the Provincial Funds.

*Vide Government Proceedings No. 2616—L. F. 110-92, dated 10th August 1893.

XII. Resolved that members having any proposals to be laid before the Board be requested to send them to the President a month before the day fixed for the meeting in view to the same being circulated with the notice to all the members and placed with all necessary references for disposal.

1. Read statements of Expenditure for July and August showing that Rs. 220 was spent for works under Revenue Department and Rs. 5,053 —1—0 for works under Public Works Department.

2. Read Government Proceedings No. 2024-32—L. F. 13-93, dated 3rd August 1893, communicating to the Presidents of the Local Fund Boards for their remarks and suggestions the letter of the Senior Surgeon, suggesting that paupers and sick strangers should not be encouraged to occupy the Hospital wards attached to Local Fund Dispensaries to the detriment of respectable in-patients.

3. Read also Government Proceedings No. 2003-13—L. F. 346-92, dated 3rd August 1893, granting travelling allowance to Official as well as Non-Official members attending the meeting of the Local Fund Board.

4. Read Proceedings No. 4446-8—L. F. —141-92, dated 9th September 1893, expressing the wish of Government that there should be one midwife at least for each Taluk.

5. Read Government Official Memo No. 3356—L. 34-93, dated 19th August 1893, and this office docket No. 137, dated 24th August 1893, in reply thereto regarding the maintenance allowance of a road opened by Mr. R. Collins at Nemmar, Koppa Taluk, known as "Sringeri-Heggan road".

6. Read letters from the Tarikere Planters expressing their opinion regarding the extension of Bababudan Hill road to Lingadahalli (beyond the 20th mile) via Hipla, Hebbe and Tanigebile and offering to contribute. Mr. Courpalais wants to have his existing road from Sampigekani to Lingadahalli repaired at Government cost.

7. Read Proposal of the Amildar of Koppa Taluk for the construction of a Musafarkhana at Sollebail and a Chavadi at Koppa.

8. Report from the Amildar of Mudgere showing the necessity of water-supply to Mudgere Town, for which a provision of Rs. 2,500 has been made in the Sanitation Budget for 1893-94.

9. Read statement showing the number of deaths from cholera in the Taluk of Chikmagalur.

Recorded with the remark that it is hoped that the Amildars will push on with the works more vigorously in future.

The proposals made by the Senior Surgeon are generally approved. It is further proposed that separate wards be built to each Dispensary and that where feeding Chattrams exist, food be supplied by them as long as funds hold out, and that where no Chattrams exist food be supplied according to the present existing arrangements.

Noted.

Noted. A midwife for each Taluk is provided for in the budget allotment. Proposed by Mr. Ganesh Rao that the Senior Surgeon be requested to employ West Coast Midwives as they are available in Mangalore, and as they are willing to accept smaller pay and being a better class of women are more acceptable to all classes.

This question will be considered at the next Local Fund meeting. In the meantime statistics as regards expenditure, &c., will be collected as far as possible.

Resolved that the Chief Engineer's inspection and the opinion of other planters in the Chikmagalur Taluk be awaited.

There being no funds this matter must lie over till the next meeting.

As the Sanitary Engineer proposes to visit this town his report will be awaited.

Proposed by Mr. Ganesh Rao that cholera pills be more freely distributed amongst some of the Patels, as also Kanarese copies of the Senior Surgeon's notes and that cholera pills be supplied to the Post Offices.

Resolved that the Senior Surgeon be addressed for copies of notes for circulation and that the Civil Surgeon be addressed for a supply of cholera pills to be given to Patels of the villages on the high road to be given gratis, and to all Post Masters for sale, as is stated is being done in Her Majesty's Territories.
